Three-Month Transformation into a Seamless Hybrid Learning Solution

Challenge

Implement a seamless hybrid learning solution within a tight three-month timeline, including ideation, equipment shipping and installation.

Solution

The final choice fell on TeamConnect Ceiling 2, alongside LG screens, Q-SYS processors, PTZ cameras and Martin Audio ceiling speakers that work harmoniously together. Thanks to these cutting-edge technologies, the path to the hybrid learning experience was paved. In an alliance with Arizona State University (ASU) and 20 other universities worldwide, this collaboration has brought an innovative approach to education and knowledge sharing with approximately 150 students participating virtually and 40 students physically, offering a glimpse of the future of global education.
