## Partnership benefits

Barco ClickShare Conference enables wireless video conferencing, allowing you to start a meeting from your laptop in seconds using your preferred video conferencing platform. It seamlessly connects to the Sennheiser TC Bar M and the in-room display, supporting dual-screen configurations and automatic switching between room systems and BYOD applications while offering touchback and annotation capabilities.

Designed for high-impact rooms and boardrooms, this setup ensures a streamlined and efficient meeting experience.

Ongoing interoperability testing with Barco ensures smooth installation and reliable performance.
