TeamConnect Ceiling 2

Sennheiser TeamConnect Ceiling 2, MAXHUB & Q-SYS
Microsoft Teams

Certified for Microsoft Teams

SENNHEISER

Partnership benefits

Interoperability testing with MAXHUB ensures smooth installation and operational confidence.

Dante network audio provides a seamless connection between the microphone and the Q-SYS audio DSP processor.

Interoperability testing with Q-SYS ensures smooth installation and boosts operational confidence.

Q-SYS control plugins have been created and tested for robust functionality.

Certified for Microsoft Teams.

System Components

QTY	Manufacturer	Model	Description
1	Sennheiser	TeamConnect Ceiling 2	TeamConnect Ceiling 2 fimware version 1.8.8 (or later)
1	Sennheiser	Control Cockpit Software	Version 8.1 (or later)
1	MAXHUB	XCore Kit	XCore Kit, a certified entry-level Microsoft Teams solution that includes a console and a Windows-based computer.
1	MAXHUB	UC P30	USB Camera Teams Certified
1	MAXHUB	UW105NA	105" Ultra Wide Display with Q-SYS Plugin
1	Q-SYS	NS10-125+	NETGEAR-manufactured network switches that have been pre-configured specifically to meet the performance requirements for Q-SYS, AES67 and Dante
1	Q-SYS	Core Nano	Q-SYS Core Processor offering audio processing & sytem control
1	Q-SYS	SPA-Q 60x2	Q-SYS SPA-Qf 60x2 (two channel) native Q-SYS network amplifier
2	QSC	AD-S802T	Column Surface-Mount Loudspeaker
1	Q-SYS		Q-SYS Designer Software
